BENCHMARKING TO PREPARE FOR GLOBAL EXPANSION

Situation

A Fortune 50 pharmaceutical and life sciences company with a significant litigation profile required a long-term resource plan to support its global expansion.

Solutions

Our professionals:

- Conducted a customized, targeted, industry-specific benchmarking survey focused on the internal legal department structure and global resourcing.
- Distributed the survey questionnaire to participants, collected data, tabulated and analyzed results and conducted follow-up interviews.
- Developed themes and findings and created blind reports for all participants.
- Made recommendations with clearly identified opportunities for realignment.

Benefits

By using industry-specific, customized benchmarks and independent interpretation of the results, the law department was equipped with an executable road map for realignment in support of the global expansion.
