

Phoenix MatterView

Morae's Phoenix MatterView empowers organisations to actively collaborate on content and view key data within the iManage document management system. MatterView's unique dashboard design displays crucial information, such as financials, key dates, and CRM, by seamlessly integrating with any SQL-based software solution, including Elite Enterprise and 3E, Aderant Expert, InterAction, and numerous others.

MatterView can display such information as: matter summaries (e.g. client name and address, supervising partner, practice area, etc.); milestones and key dates, with scheduled reminders; core financials from your finance / practice management system; key contacts with email launcher; tasks and reminders; and, Client Undertakings.
